

## Installation Services

**S**HL has an excellent reputation for being one of the leading refractory installation companies in the UK and cover a wide spectrum of industries including:

- Iron and Steelworks
- Aluminium
- Incineration
- Petro-Chemical
- Pottery and Brick
- Power Generation
- Lime and Cement
- Gypsum
- Food
- Hospital
- Local Government
- Chemical

Site operations represent the majority of the contracts undertaken and this is supported by a fully equipped factory workshop, complete with a 25 tonne overhead crane and drying oven, for the production of special shapes, blocks, burner quarks, etc. Larger units such as ladles, tundishes, chimney sections and even complete furnaces can be refractory lined in-house.

We employ a highly experienced team of managers, engineers, supervisors and tradesmen and offer a service 7 days per week, 24 hours per day.

*SHL Refractories (UK) Ltd. has many years experience of refractories in various industries and would appreciate the opportunity to tender for your existing and future requirements.*
